Words fail to describe the dedication, time and care that you took to give me a life-changing Tarot reading, including the additional insight into my question.

This has been an incredible experience having a reading from you. It's not often you find a tarot reader who is as caring. I honestly feel mentally stronger after this reading and the additional feedback you put into it. There was obviously a lot of dedication, heart and insight that went into this undertaking and you have helped me immensely.

Kyle Trudel, Ontario, Canada.

Alison is so much fun to work with! She was enthusiastic about my question and her response was timely and incredibly insightful. She nailed my personality, particularly my tendency to wait until things are perfect before moving forward. For anyone looking for a fun, engaging experience, I would highly recommend Alison.

From the minute I connected with Ali I knew I was going to enjoy having a reading with her. She was fun, positive and answered my question thoroughly, with not only her knowledge of Tarot but with great intuitive insight, allowing me to clearly see the path ahead. Not only would I recommend her to other people but I would definitely book a reading with her in the future.

Maria Deesy, New York.

My reading with Alison was thoughtful, thorough and presented with care and humour. She gave me plenty of food for thought as well as clarity and practical advice that I could act on right away. Going right to the heart of my issue, Alison gave me a ton of information, plus plenty of positive insight to some of the toughest cards. Fun, informative and empowering!

Elle Vevea, Colorado.

My tarot reading session with Alison was like a light bulb moment, the reading was completely accurate and offered insight that has enabled me to make a more conscious decision in moving forwards. Alison is very in tune, works professionally, is empathetic and works with care to help you through the wisdom of the cards. I would recommend Alison when you are in need of spiritual intervention.
